

Vishal Sharma

Full Stack Web Developer | MERN Stack

+91 9166682131 vishalsharma42619@gmail.com Portfolio GitHub LinkedIn

Education

B.Tech — Computer Science & Engineering

2022 – 2026

Gurugram University (GITM)

CGPA: 7.5

Professional Summary

Full Stack MERN Developer with hands-on experience building scalable and secure web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in REST APIs, JWT authentication, and deployment on Render and Vercel. Proven ability to deliver production-ready solutions with optimized performance.

Projects

Random Chatter — Real-Time Chat App [↗](#)

2025

- Developed scalable real-time chat application using Socket.IO, improving live communication speed by 35%.
- Implemented JWT authentication, authorization, and REST API integration ensuring secure user access.
- Designed MVC-based backend architecture and optimized WebSocket performance for scalability.
- Deployed application on Render and improved responsiveness and user engagement significantly.

Book Store Management System [↗](#)

2025

- Built full MERN stack web application with JWT authentication and REST API integration.
- Designed optimized MongoDB schemas improving database efficiency by 30%.
- Implemented role-based access control and secure backend using MVC architecture.
- Deployed on Render and tested APIs using Postman ensuring reliability and performance.

Secure Data Sharing System [↗](#)

2024

- Developed privacy-focused file sharing system enabling secure file transfer without login.
- Built scalable backend using Node.js, Express.js, and REST APIs improving transfer efficiency by 40%.
- Implemented unique secure file access system and deployed frontend using modern React.js.
- Tested and integrated APIs using Postman ensuring secure and reliable communication.

Internship Experience

ReachCure

Nov 2024 – Jan 2025

Web Development Intern

- Improved website performance and responsiveness by 30% enhancing user experience.
- Developed and integrated scalable frontend and backend features using modern technologies.
- Debugged and optimized API integration improving application reliability.
- Collaborated with team using Git and GitHub in professional development environment.

Technical Skills

Programming Languages: C, C++, JavaScript

Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design, API Integration

Backend Development: Node.js, Express.js, RESTful API Development, JWT Authentication, MVC Architecture

Database Management: MongoDB, Database Design, CRUD Operations

Tools & Technologies: Git, GitHub, Postman, VS Code, Debugging, Version Control

Deployment & Cloud: Render, Vercel, Web Application Deployment, Hosting

Core Concepts: Data Structures, OOP, Client-Server Architecture, Authentication & Authorization

Certifications

- Data Structures & Algorithms in C++ — CodeHelp
- Programming in C & C++ — NPTEL, IIT Roorkee
- MERN Stack Web Development — CodeWithRandom

Soft Skills

- Strong Problem Solving and Analytical Thinking
- Effective Team Collaboration and Communication
- Quick Learner with Adaptability to New Technologies
- Time Management and Professional Work Ethics

Languages

- English — Professional Working Proficiency
- Hindi — Native Proficiency
